When she was running away she met a guy named Jessy. He said he was 104 years old and told Winnie about the water which could give her eternal life. There was a guy who was following Jessy and was sneaking on what he was doing, his name was Miles. Miles saw him drink the water so he drank it to and Miles got shot and when he saw himself he was still alive, that's how Miles new about the water. Winnie ran away of the Fhosters because her family were giving her too much pressure. There was also a poor family named the Tuckers and Jessy was part of the Tuckers, everyone in the Tuckers knew about the water.
