Shannon Wells Lucid

1943-

American biochemist and astronaut who in 1996 spent 188 days in space on the U.S. shuttle and Russian *Mir* space station, for which she received the Congressional Space Medal of Honor. In 1979, following a teaching and research career, Dr. Lucid became an astronaut and qualified as a Space Shuttle mission specialist. In addition to her flight time on *Mir*, she was a veteran of four other space missions—STS-51G (1985), STS-34 (1989), STS-43 (1991), STS-58 (1993)—and two additional Space Shuttle flights in 1996, STS-76 and STS-79.
